Founded in 2000, Comcity Technology is a strategic I.T. Solutions Provider located in Melbourne and Sydney CBD's. Our solutions are tailored to the needs of our clients and their business' requirements. We are proud to provide services which are aligned to industry best practice, cost effective, flexible, comprehensive and dependable.

Our mission is to constantly innovate and deliver I.T. solutions focused on improving our clients' business systems and solving business problems by working together in a strategic partnership.

This is achieved through a constant investment in our skills, knowledge, industry certifications, vendor partnerships and most importantly of all, a thorough understanding of our client's business and unique requirements.

Our dedicated Service Desk, Technical Services, Account Management, and Project teams ensure our clients receive a high level of customer service, professional advice and enterprise level I.T. solutions.

In support of our mission, today Comcity Technology is a strategic I.T. partner to hundreds of organisations, across a broad range of industries and verticals, with locations throughout Australia and around the world. We pride ourselves on the strength of these client relationships and as a testament to this, many of our clients have been with us since inception and continue to grow with us.

Comcity Technology – Your Strategic IT Business Partner

Our philosophy is centred on the 5 essential I.T. services critical to every organisation:
